Museum of Modern Art- POMAdvantage

TIMELINE

- 2017- POM awarded a \$500k camera and command center upgrade
- 2018- POM awarded a \$1mm security upgrade project at MOMA PS1
- 2019- MOMA PS1 converted into a POMAdvantage plan including 24/7 support for hundreds of devices

Museum of Modern Art

- 2020-2021- Continue to maintain systems at PS1 and win additional projects at other locations. POM takes over the security technology service at the MOMA design store
- 2022- Awarded RFP for MOMA single service provider at approx \$400k per year
- 2023- Awarded final MOMA site (MOMA Hamlin) in Pennsylvania. Added onto existing POMAdvantage service plan
- 2024- Continue to grow system including Securithings device monitoring

IMPACT

Over 1,500 security cameras and over 1,200 doors maintained

Weekly team meetings, Weekly on-site service calls and Preventative Maintenance Visits

On-site consultant, completing master planning for future implementation. Driving product specification and future proofing the site

Massive POM stock of parts to ensure zero downtime

Monthly metrics of service calls/health checks give MOMA staff the peace of mind knowing their system is covered and connected
